

Document history for Supplementary Kent and Medway Information for antimicrobial prescribing guidance– managing common infections

Version	Created by	Date	Main Changes/Comments
1.1	CM, OO & MG	December 2021	New document. NICE/PHE guidance August 2021 reviewed locally to align the antecedent CCG’s antimicrobial prescribing guidance at Kent and Medway level.
1.2	CM	February 2022	Version 1.1 updated post January JFG meeting to ensure comments re sore throat reflect dosing in children. NICE/PHE guidance update January 2022 reviewed locally, and links updated – no additions to this document following review.
1.3	MG	April 2022	NICE/PHE guidance update March 2022 reviewed locally, and links updated – no additions to this document following review.
